Forecast for Sunday 21 Nov 2021

Weather: Showers overnight and early morning, frequent and heavy in north with a chance of hail and thunder, also risk of blizzards across higher peaks, while outbreaks more scattered across southern peaks such as Ben Lawers. Gradually the showers will weaken from the west from mid-morning, with most dry with bright then clear spells from late afternoon. Snow level around 500m.

Chance of cloud free mountain/hill tops above 800m: Initially 60% in north, 90% in south, becoming 95% plus for all from late afternoon

Visibility: Good or very good, becoming moderate to very poor in showers, with cloud bases sporadically lowering 500m as showers push through.
